The Mission Secretary will confirm scheduling of your program.\*\*\*

### Program Component Selection

Number of Students	<b>Hands-On Science Exploration</b>	Each Hands-On Science Exploration takes approximately 1 hour to complete, depending on the number of students and the grade level of the students. Please contact us for an estimate of how much time you should allocate for each group of students. Group size is limited to 24 students at a time.
	All About Magnets	
	Straw Rockets	
	Earthquake!	
	Learning about Light	
	Silly Space Stuff	
	Weather	
Working with Telescopes		
	<b>Planetarium</b>	The Planetarium can hold between 12-24 students, depending on the students' size. Planetarium shows (including entering and exiting the Planetarium) take approximately 30 minutes.
	( ) Earth's Wild Ride	
	( ) Impact! ( ) From Earth to the Universe	
	<b>Model Rockets</b>	The time and cost of a model rocket program depends on the rocket kit you choose. Minimum program costs are listed below (not including the cost of materials).
	<b>Intro to Robotics</b>	Students learn how to program EV3 robots using the Mindstorm Programmer App (on iPads). We have three EV3 robots. Group size is limited to 24 students, who will work in teams of three.
	<b>Drone Demo</b>	Students observe a drone flight (controlled by our certified Remote Pilot). Our presentation also includes information about drone careers, how to fly drones safely and legally as a hobby, and how students can earn their Remote Pilot Certificate from the FAA.

### Program Cost

- The minimum cost for a half-day program (four hours) is \$300 plus travel.
- The minimum cost for a full-day program (eight hours) is \$500 plus travel.

Travel is calculated at 57.5¢ per mile, round-trip from Columbia, SC.

Hands-On Science Explorations cost \$7 per student. If the total cost for all students is less than the minimum cost listed above, the cost will be the minimum cost.

(For example, if 30 students participate in a half-day program, 30 x \$7 = \$210, which is less than the \$300 minimum cost. The charge for the program would be \$300 plus travel. If 50 students participate in a half-day program, 50 x \$7 = \$350, which is greater than the \$300 minimum cost. The charge for the program would be \$350 plus travel.)
